Due to the ever increasing number of Price Lists and our preference for keeping lists alphabetically, we have ceased numbering Price Lists and have removed List numbers from all Lists.

Price Lists will be known by their name only.

It is possible to logically assign a particular Price List to more than one region (eg Singapore in Asia & British Commonwealth). Similarly, a Price List may be split over more than one region (eg Hong Kong (British Crown Colony) in British Commonwealth and Hong Kong (Chinese Special Administrative Region) in Asia).

The location of our lists can be determined from the TWO tables below.

ALBUMS & ACCESSORIES			
	Albums & Accessories [used albums heavily discounted]		Hagners, quality used hingeless albums & pages
	Stamp Catalogues		Superseded catalogues purchased and exclusively used by Sutherland Philatelics
SPECIALS [heavily discounted]			
	Multiple lists containing items which do not fit into our traditional stock, or for which we have items surplus to our requirements		

Price Lists are in a constant state of development as we buy collections and sell from stock.

We do not have regular wholesalers for any countries and so the countries are never completely in stock.

If you are missing a few items, send us your wants list. If you are missing many, download a price list & highlight the items required.

We obtain MUH new issues for countries marked with a ^M Consequently, stock is comprehensive and in depth.

For others, we ceased acquiring Territories & Pacifics new issues in 1986, Australian covers in 1996 and stamps in 2007.

However, we frequently obtain and list stock from collections we purchased after those dates.
