OTHER CLIENT MESSAGES OR INSTRUCTIONS:

Some points to note

Many postal authorities now send new issues in batches, usually quarterly. This is designed to minimise their administration costs, as well as postage and packing, for example France. Others continue to send items issue by issue, but impose punitive costs to inhibit collectors doing this, eg Germany. Some authorities are slow, eg Ireland & France whilst others are very slow, eg Japan.

Please be patient. We have your new issue requirements at heart.

We are only able to supply stock items from the philatelic bureaus. Items which are extracted from speciality issues are sold at a premium, eg Machins from prestige booklets, or those with phosphor shifts.

Yours Sincerely
