### List Structure:

#### Co-runner [Sympathy] Issues

#### KZSE Issues

The first Europa stamps were issued in 1956 by the 6 founding members of ECSC, the European Coal & Steel Community and subsequently, in 1959, by the European Conference of Postal and Telecommunications Administrations [CEPT].

The acronym CEPT is from the French

Conférence Européenne des administrations des Postes et des Télécommunications [capitalisation and emphasis added].

Developing thematic lists is very problematic with regard to uniformity between prices in this list and those in corresponding country lists.

Whilst we have taken every care to ensure uniformity, inconsistencies may occur.

In such cases, please advise us of the errors so that we can make corrections and, if ordering, use the LOWER of the two prices (unless there is an obvious mistake).

Remember also that it is very easy for lists to get out of sync.

To find an item in this list, please use Adobe's powerful search function located in its toolbar.

**CARE!**

Care must be taken when ordering stamps from certain countries.

**CARE!**

Appropriately, Michel lists only those stamps which bear the Europa / CEPT emblem, and this Price List follows the Michel classification.

**CARE!**

However, a number of countries (notably Great Britain & Islands, but also others) issue sets

**CARE!**

which contain only one or two stamps which bear the Europa emblem.

**CARE!**

As sets are the dealer's stock norm, one or two stamps taken from a set

**CARE!**

renders the remainder of the set unsaleable.

**CARE!**

Consequently, Europa stamps forming part of a set sell at a premium.

**CARE!**

Furthermore, our stocks of these are small.

**CARE!**

For the extended sets, please refer to the relevant country Price Lists.

**CARE!**

Prices subject to change without notice.

Please note that GST (currently 10%) is applicable from 1 July 2000.

International sales are GST free.

The prices in this list

**INCLUDE**

**GST**

All prices are in Australian dollars.
