### IMPERFORATE STAMPS

A small number of early issues of Ghana were issued imperforate as well as perforate. Many / most Miniature Sheets were issued imperforate.

From late 1964, many / most issues (including Miniature Sheets) were also issued imperforate although they were not available from post offices.

Furthermore, Format International Security Printers Ltd produced stamps for Ghana (and many other British Commonwealth countries) between 1967 & 1989.

When FISP became insolvent, the Liquidators of the company sold remaining archival stamp stocks into the philatelic market.

These are listed by Michel but only noted by Stanley Gibbons.

Scott makes a broad notation only and does not list individual items.

Yet other imperforates also exist, probably from stolen printer's waste or printing proofs. We have no way of differentiating official issues, Liquidator stocks and clandestine copies. We list what we have in stock.

Type I M/S are imperforate. Type II contain printed (simulated) perforations.

To find an item in this list, please use Adobe's powerful search function.

We obtain our stock from collections we purchase.

We do not have a Ghana supplier.

Consequently, where something is unpriced, we do not have it at present.

We list all items we have in stock, including broken sets, and singles from sets.

**Prices subject to change without notice.**

**Please note that GST (currently 10%) is applicable from 1 July 2000. International sales are GST free.**
