POSTMARKS

We do not have the expertise to authenticate the genuineness of postmarks.

We believe them to be genuine but they have not been authenticated.

This is an era for which forgeries abound.

For those customers who wish to have a postmark expertised, they must advise us of such at the time of purchase.

We will then allow a reasonable (not indefinite) time for the expertising process.

All costs of expertising are those of the purchaser.

In the event that the cancel proves to be not genuine, we offer a full money back refund for the item(s) in question. We do not refund postage costs.

Written expertising evidence must be provided to us before a refund is paid.

We obtain our stock from collections we purchase.

We do not have a Germany supplier.

We list all items we have in stock, including broken sets, and singles from sets.

Prices subject to change without notice.

USED STAMPS

To the end of Allied Occupations, we list mint stamps without gum as MNG.

They are priced less than Mint. For this period, Used stamps are usually priced substantially more than MUH/M stamps. For used stamps, most collectors of Germany want "socked on the nose" cancels to ensure genuineness. Thus the FU / Used categorisation is problematic.

Fine Used stamps have light circular or machine cancels and are defect free.

Used stamps are those with heavier postmark, or minor flaws, eg pulled perf.

Please note that GST (currently 10%) is applicable from 1 July 2000.

International sales are GST free.

The 4, 12, 15, 40 & 50pf issues are very similar for the Third Reich & The Weimar Republic. Both issues are P14 x 14¼, NOT P14 & P14 x 14½ as shown by SG. Both issues have the same watermark. Thus the only way to distinguish them is by colour, and the colour differences for the 5 stamp pairs are subtle. Others stamps in each issue differ in value and therefore are readily distinguishable.
